

Release Number 8329-20**CFTC Unanimously Approves Technical Amendments to Reflect Organizational Changes****December 08, 2020**

Washington, D.C. — In advance of today's open meeting, the Commodity Futures Trading Commission today unanimously approved a final rule making technical amendments to CFTC regulations to align with recent organizational changes, remove superfluous verbiage, and correct inaccurate text and typographical errors. The amendments also ensure consistency of Commission addresses.

The amendments are immediately effective upon publication in the Federal Register, with the exception of certain elements that will be effective on January 25, 2021.
