Shift in CES 2021 Dates Announced

The long-running annual CES trade show, traditionally held in Las Vegas in January but previously revamped as an entirely online event for next year in light of the COVID-19 pandemic (TR Daily, July 28), has been rescheduled from Jan. 6–9, 2021, to Jan. 11–14, 2021, show owner organizer CTA announced today. It will still be an all-digital event.
