PROCEEDINGS

Motion Hearing -- Held

NOTES AND ORDERS

Google's request for a stay of the permanent injunction pending completion of the appeal, MDL Dkt. Nos. 1020, 1021, is denied. Google has not demonstrated under *Nken v. Holder*, 556 U.S. 418, 434 (2009), that a stay is warranted, especially with respect to likelihood of success on the merits and the public interest.

The Court grants a partial stay of the permanent injunction pending the circuit court's resolution of the stay requests Google filed there, with the exception of ¶ 8 of the injunction, which is not stayed. *See* MDL Dkt. Nos. 1017, 1025, 1026.
