

COMMODITY FUTURES TRADING COMMISSION

17 CFR Parts 1 and 23

RIN 3038-AF33

Capital and Financial Reporting Requirements for Swap Dealers and Major Swap

Participants

AGENCY: Commodity Futures Trading Commission.

ACTION: Final rule.

SUMMARY: The Commodity Futures Trading Commission (“Commission” or “CFTC”) is adopting amendments to certain of the Commission’s Part 23 regulations that impose minimum capital requirements and financial reporting obligations on swap dealers (“SDs”) and major swap participants (“MSPs”). The amendments include revisions consistent with staff interpretive letter 21-15 to SDs addressing the Tangible Net Worth Capital Approach for calculating capital under Commission regulation 23.101,¹ and staff no-action letter 21-18 (and its successor staff no-action letter 23-11) regarding alternative financial reporting by SDs subject to the capital requirements of a prudential regulator (together, “CFTC Staff Letters”). The Commission is also adopting amendments to certain of its Part 23 regulations applicable to SDs, in areas including the required timing of certain notifications, the process for approval of subordinated debt for capital, and the revision of financial reporting forms to conform to the rules, including revising Form 1-FR-FCM to reflect the calculation of the minimum capital requirement for Futures Commission Merchants (“FCMs”) that are also SDs. The amendments are intended to facilitate SDs’

I. Background

Section 4s(e) of the Commodity Exchange Act (“CEA” or the “Act”) requires the Commission to adopt minimum capital and margin requirements for SDs and MSPs.³ On September 15, 2020, the Commission issued final rules adopting such requirements under Part 23 of the Commission’s regulations.⁴ The Final Rules became effective on November 16, 2020,

³ 7 U.S.C. § 6s(e).

⁴ Capital Requirements of Swap Dealers and Major Swap Participants, 85 FR 57462 (Sept. 15, 2020) (the “Final Rule” or the “Final Rules”).

(subject to pre-publication technical corrections)

with an extended compliance date of October 6, 2021 (“2021 Compliance Date”).⁵ The Final Rules imposed capital requirements on SDs and MSPs that are not subject to a prudential regulator (“nonbank SDs” and “nonbank MSPs,” respectively).⁶ The Final Rules included a detailed capital model application process whereby eligible nonbank SDs and nonbank MSPs could apply to the Commission, or a registered futures association (“RFA”) of which they are a member, for approval.⁷ The Final Rules also adopted a capital comparability determination process for certain eligible foreign domiciled nonbank SDs and nonbank MSPs to seek substituted compliance for the Commission’s capital and financial reporting requirements.⁸ Further, the Final Rules adopted detailed financial reporting, recordkeeping and notification requirements, including limited financial reporting requirements for SDs and MSPs subject to the capital requirements of a prudential regulator (“bank SDs” and “bank MSPs,” respectively).⁹ The Final Rules also included amendments to existing capital rules for FCMs to provide explicit additional capital requirements for proprietary positions in swaps and security-based swaps that are not cleared by a clearing organization.¹⁰ Finally, the Final Rules required that financial reports and notices be filed with both the Commission and the NFA¹¹ and explicitly recognized

⁵ *Id.*

⁶ *Id.* The term “prudential regulator” is defined as the Board of Governors of the Federal Reserve System (“Federal Reserve Board”); the Office of the Comptroller of the Currency (“OCC”); the Federal Deposit Insurance Corporation (“FDIC”); the Farm Credit Administration; and the Federal Housing Finance Agency. Section 1a(39) of the CEA, 7 U.S.C. § 1a(39).

⁷ *See generally* Final Rules, 85 FR at 57467. The three methods discussed in detail in the Final Rules include the Bank-Based Capital Approach, the Tangible Net Worth Capital Approach, and the Net Liquid Assets Capital Approach (as defined therein). Each method permits the use of models upon approval of the Commission or an RFA and determines the frequency and type of financial reporting information to be provided to the Commission by each nonbank SD and nonbank MSP.

⁸ 17 CFR 23.106.

⁹ Final Rules, 85 FR at 57463. Bank SDs, which are not subject to the capital requirements of the Commission, are required to provide the Commission and National Futures Association (“NFA”) with limited financial information regarding the capital and swap positions of the firms. 17 CFR 23.105(p).

NFA's ability to adopt standardized forms and processes to carry out the Commission's financial reporting and notification requirements for SDs.¹²

In the period leading up to the 2021 Compliance Date, Commission, NFA, and SEC staff worked together to develop a process for collecting financial reports and respond to market participant inquiries regarding compliance with financial reporting and notice requirements. The Commission also approved NFA's capital model requirements and review process,¹³ and NFA adopted new Financial Requirements Section 18,¹⁴ which included capital rules largely modeled after the Commission's Final Rules, and published new standardized financial reporting forms FR-CSE-NLA and FR-CSE-BHC for use by nonbank SDs that are not also registered with the SEC.¹⁵ Commission staff also issued eight no-action and interpretive letters in response to inquiries from market participants regarding compliance with various capital and financial reporting obligations under the Final Rules.¹⁶

On December 15, 2023, the Commission proposed several amendments to the capital and financial reporting requirements of SDs and MSPs that are consistent with parts of the staff positions taken in two of the letters issued by Commission staff prior to the 2021 Compliance

Commission’s proposed amendments, as they are intended to provide technical and other clarifying changes necessary to effectuate the Final Rule’s purpose.²⁶ Another commenter stated that it applauds the Commission’s efforts to provide regulatory certainty and consistency through the codification of the CFTC Staff Letters and amendments to the Tangible Net Worth Capital Approach for nonbank SDs.²⁷ Specifically, as to the amendments consistent with parts of CFTC Staff Letters No. 21-15 and 21-18, discussed in further detail below, one commenter stated that such amendments enhance the transparency and clarity of the SD capital regime and provide legal certainty and guidance for SDs, while improving transactional efficiency by avoiding the need for one-off staff letters.²⁸ This commenter further stated that these amendments also facilitate the implementation and enforcement of the capital and financial reporting requirements and promote compliance and cooperation.²⁹ After considering the comments, the Commission is adopting the Proposal subject to certain changes as noted below.³⁰

II. Amendments to Commission Regulations

A. CFTC Staff Letters and Other Amendments

1. Amendments to Tangible Net Worth Capital Approach—CFTC Staff Letter No. 21-15

The Commission proposed amendments to certain of its Part 23 regulations consistent with parts of interpretive CFTC Staff Letter No. 21-15 addressing the Tangible Net Worth Capital Approach for calculating capital under Commission regulation 23.101.³¹ The

(subject to pre-publication technical corrections)

Commission’s Market Participants Division (the “Division”) issued CFTC Staff Letter No. 21-15 on June 29, 2021, in response to concerns raised by nonbank SDs intending to elect the Tangible Net Worth Capital Approach for calculating capital under Commission regulation 23.101³² regarding the application of the eligibility test to different corporate structures.³³ In CFTC Staff Letter No. 21-15, the Division issued its interpretation providing that the asset and revenue tests for “predominantly engaged in non-financial activities” could be assessed at the nonbank SD’s entity level or ultimate parent level and, further, such tests could be computed under International Financial Reporting Standards issued by the International Accounting Standards Board (“IFRS”) in lieu of generally accepted accounting principles as adopted in the United States (“U.S. GAAP”), if the entity was permitted to use IFRS for financial reporting.³⁴ The Division also stated its position that supplemental position reporting for nonbank SDs meeting these qualifications may be filed on a quarterly basis along with the firm’s financial reports, as opposed to monthly.³⁵

To ensure that the Tangible Net Worth Capital Approach may be utilized by eligible nonbank SDs as intended in the Final Rules, the Commission proposed amendments to definitions in Commission regulation 23.100³⁶ and in the periodicity of Commission regulation 23.105(l)³⁷ in the Proposal,³⁸ which are consistent with the terms of CFTC Staff Letter No. 21-15. Specifically, the Commission proposed to amend the definitions in Commission regulation 23.100 of the terms “predominantly engaged in non-financial activities” and “tangible net worth”

to explicitly permit the satisfaction of both the revenue and asset-based tests at the consolidated parent level of the nonbank SD and to clarify that “tangible net worth” may be determined under either U.S. GAAP or IFRS accounting standards.³⁹ The Proposal clarified that the tests may be satisfied either at the level of the nonbank SD or at the level of the nonbank SD’s consolidated parent rather than seeming to exclude the consolidated parent of the nonbank SD, as addressed in CFTC Staff Letter No. 21-15 in response to questions raised by industry.⁴⁰ The amendment to the definition of “tangible net worth” in Commission regulation 23.100 clarifies that “tangible net worth” may be determined under either applicable accounting standard, U.S. GAAP or IFRS.⁴¹ This amendment aligns and corrects the permitted use of IFRS in determining eligibility for the approach with the standard permitted and utilized by the nonbank SD in preparation of its financial statements.⁴² As discussed in the Final Rule, the Commission is generally comfortable with both U.S. GAAP and IFRS accounting standards in this context, as both of these accounting standards are designed to provide a complete, consistent, and comparable view of the financial condition of a company, and especially, as both standards continue to move toward greater convergence.⁴³

The Commission received comments generally supporting the proposed amendments to the definitions of the terms “predominantly engaged in non-financial activities” and “tangible net worth” in Commission regulation 23.100.⁴⁴ One commenter stated that the proposed

³⁹ *Id.* See 17 CFR 23.100 for the definition of the term “predominantly engaged in non-financial activities.”

⁴⁰ *Id.*

⁴¹ *Id.* See 17 CFR 23.100 for the definition of the term “tangible net worth.”

⁴² *Id.* Nonbank SDs electing the Tangible Net Worth Capital Approach are currently permitted to use IFRS for their financial reporting obligations under Commission regulation 23.105 (17 CFR 23.105(d) and (e)). IFRS is also permitted as an acceptable reporting standard for all nonbank SDs provided that they otherwise do not prepare financial statements in accordance with U.S. GAAP.

⁴³ Final Rules, 85 FR at 57514.

⁴⁴ See IIB/ISDA/SIFMA Letter; Shell Letter; Barnard Letter; Ravnitzky Letter.

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

amendments would recognize the financial strength and support of the parent company for the nonbank SD and align the capital requirement with the accounting standards and practices of the parent company.⁴⁵ This commenter further stated that the proposed amendments would reduce regulatory burden and costs for some nonbank SDs, especially those that are predominantly engaged in non-financial activities and have a high level of tangible net worth.⁴⁶ Another commenter stated that the proposed amendments are crucial to clarify and simplify the interpretation and implementation of the “tangible net worth” test for eligible nonbank SDs.⁴⁷ The Commission agrees with commenters and believes, as discussed above, that the proposed amendments will confirm its intention to permit consideration of the parent company in the assessment of predominantly engaged in non-financial activities under the Final Rules. This approach, as identified in the Final Rules, permits the eligibility test to be applied at the consolidated entity level, which does not penalize a non-financial entity from establishing separate SD subsidiaries to provide financial services for the corporate group, including engaging in swaps on behalf of the corporate group.⁴⁸ Further, the proposed amendment to allow nonbank SDs to utilize the same accounting standard permitted for their financial reporting comports with the purpose of the eligibility test. As such, the Commission is adopting the amendments to the definitions as proposed.

The Commission also proposed to amend Commission regulation 23.105(l)⁴⁹ to require that each nonbank SD and nonbank MSP file Appendix B to Subpart E of Part 23 (“Appendix

⁴⁵ Ravnitzky Letter at 1.

⁴⁶ *Id.*

⁴⁷ Barnard Letter at 2.

B”),⁵⁰ which contains aggregate securities, commodities, and swap position information and certain credit exposure information, with the Commission and NFA on a quarterly or monthly basis in keeping with their routine financial reporting, rather than a monthly basis.⁵¹ This amendment would align that filing with the periodicity permitted as part of the nonbank SD’s or nonbank MSP’s routine financial report filings required by Commission regulation 23.105(d)⁵² and would clarify that the information provided should be consistent with those financial report filings.⁵³

The Commission requested comment on the proposed amendment to Commission regulation 23.105(l)⁵⁴ to require that each nonbank SD and nonbank MSP file Appendix B with the Commission and NFA on the same quarterly or monthly basis, as applicable, that the firm files its financial information pursuant to Commission regulation 23.105(d).⁵⁵ In response, the Commission received comments generally supporting the amendment.⁵⁶ The Commission believes, as discussed above, that this amendment will align the filing of Appendix B with the

⁵⁰ Appendix B to Subpart E of Part 23.

⁵¹ The Proposal, 89 FR at 2557. The Commission intended the swap position and credit information in Commission regulation 23.105(l) (17 CFR 23.105(l)) and Appendix B to be filed together with other financial information required by Commission regulation 23.105(d) (17 CFR 23.105(d)) as this information is supplementary to the financial statements as a whole and completes the routine financial reporting package. This approach is also consistent with how dually-registered SDs with the SEC complete the SEC’s Form X-17A-5 (“FOCUS Report”) Part II. SEC Form X-17A-5 FOCUS Report Part II, available at <https://www.sec.gov/manage-filings/forms-index/form-x-17a-5-2>.

⁵² 17 CFR 23.105(d). Commission regulation 23.105(d) permits nonbank SDs electing the Tangible Net Worth Capital Approach to file required financial reports quarterly, whereas nonbank SDs electing either the Bank Based Capital Approach or the Net Liquid Asset Capital Approach are required to file such information on a monthly basis.

⁵³ The Proposal, 89 FR at 2557. The Commission previously determined that nonbank SDs electing the Tangible Net Worth Capital Approach may engage in a wide variety of businesses and not be otherwise subject to any financial reporting. Thus, the Commission determined in the Final Rule that such SDs need only file financial reports quarterly and not monthly and may take a longer period of time to file audited financial reports. Final Rules, 85 FR at 57514-15.

⁵⁴ 17 CFR 23.105(l).

⁵⁵ The Proposal, 89 FR at 2557-58.

⁵⁶ See IIB/ISDA/SIFMA Letter; Shell Letter; Barnard Letter; Ravnitzky Letter.

same periodicity of nonbank SD financial reporting. As such, the Commission is adopting the amendment as proposed.

2. Amendments to Bank SD Financial Reporting Requirements—CFTC Staff Letter No. 21-18

The Commission proposed amendments to certain of its Part 23 regulations congruous with parts of CFTC Staff Letter No. 21-18 (and its successor, CFTC Staff Letter No. 23-11) regarding alternative financial reporting by SDs subject to the capital requirements of a prudential regulator.⁵⁷ The Division issued CFTC Staff Letter No. 21-18⁵⁸ on August 31, 2021, in response to concerns by several bank SDs⁵⁹ regarding compliance with financial reporting requirements under Commission regulation 23.105(p).⁶⁰ Bank SDs asserted that the financial reporting filing deadline adopted by the Commission preceded the financial reporting filing deadline imposed by prudential regulators, which conflicted with the Commission’s intent in the Final Rules that the reporting requirements of bank SDs and bank MSPs be consistent with the SEC requirements for bank security-based swap dealers (“SBSDs”) and bank major security-based swap participants (“MSBSPs”), to maintain equivalent financial reporting requirements for dually-registered firms.⁶¹ Several bank SDs did not register as SBSBs, and therefore are subject

⁵⁷ The Proposal, 89 FR at 2557-58.

⁵⁸ CFTC Staff Letter Staff No. 21-18.

⁵⁹ Letter from Steven Kennedy, Institute of International Bankers and Kyle Brandon, Securities Industry and Financial Markets Association (Aug. 20, 2021) (the “ISDA-SIFMA Joint Request Letter”).

⁶⁰ 17 CFR 23.105(p).

⁶¹ Commission regulation 23.105(p) requires bank SDs to report financial information within 30 calendar days of quarter-end. 17 CFR 23.105(p)(2). The Instructions for Preparation of Consolidated Reports of Condition and Income, Schedule RC-D, available at https://www.ffiec.gov/pdf/FFIEC_forms/FFIEC031_FFIEC041_202303_i.pdf, however, permit a bank with more than one foreign office to submit its FFIEC 031 forms within 35 calendar days following quarter-end. Additionally, the SEC extended the filing deadline of FOCUS Report Part IIC for non-U.S. SBSBs subject to a prudential regulator from 30 to 35 days following quarter end, noting that “U.S. prudential regulators permit certain U.S. banks to file their financial reports 35 days after the quarter end.” Order Specifying the Manner and Format of Filing Unaudited Financial and Operational Information by Security-Based Swap Dealers

(subject to pre-publication technical corrections)

only to limited financial reporting under the Commission’s rules.⁶² In certain instances, the financial reporting required by the prudential regulators for these bank SDs permit a longer period of time and utilize a different format than that adopted by the Commission. Some of these bank SDs are not required to file financial reports with a prudential regulator if the bank SDs are domiciled outside the United States and may instead be subject only to financial reporting of a home country supervisor. Moreover, although Appendix C to Subpart E of Part 23 (“Appendix C”)⁶³ was intended to capture line items on existing Federal Financial Institutions Examination Council (“FFIEC”)⁶⁴ Form 031 (“Call Report”) provided to prudential regulators, line items on specific schedules within the Call Report had either been removed, added, or otherwise changed since the Commission adopted Appendix C.⁶⁵

CFTC Staff Letter No. 21-18, as extended under CFTC Staff Letter No. 23-11,⁶⁶ articulates a position by the Division that it would not recommend that the Commission engage in an enforcement action against bank SDs providing the Commission with copies of financial reports that are required by, and filed with, their respective prudential or home country regulators, in lieu of complying with the substantive requirements of Appendix C, subject to certain conditions.⁶⁷ CFTC Staff Letter No. 21-18 also contains a no-action position with respect to bank SDs filing comparable Call Report schedules with the Commission in lieu of the schedules contained in Appendix C, provided that the comparable schedules are filed with the

and Major Security-Based Swap Participants That Are Not U.S. Persons and Are Relying on Substituted Compliance Determinations With Respect to Rule 18a-7, 86 FR 59208 (Oct. 26, 2021) at 59210.

Commission within the timeframe permitted by the prudential regulators for filing the schedules with the applicable home country regulator.⁶⁸ CFTC Staff Letter No. 21-18 further provides that the Division would not recommend enforcement action against certain foreign-domiciled bank SDs (“Non-U.S. bank SDs”) that do not provide financial reports to a prudential regulator if they file with the Commission balance sheet and statement of regulatory capital information in accordance with applicable home country requirements in lieu of the schedules contained in Appendix C, so long as the financial information is in English, with balances converted to U.S. dollars, and the financial information is filed within 15 days of the earlier of the date such financial information is filed or required to be filed with the Non-U.S. bank SDs’ applicable home country regulator.⁶⁹ Finally, the Division stated that it would not recommend enforcement action against dually-registered Non-U.S. bank SDs filing comparable SEC-required financial reports and schedules with the Commission in lieu of the schedules contained in Appendix C.⁷⁰

The Commission also proposed to amend Commission regulation 23.105(p)⁷¹ to add an exception to the financial reporting requirements for Non-U.S. bank SDs that do not submit financial reports to a prudential regulator.⁷² The amendment would permit Non-U.S. bank SDs to file with the Commission financial reports that are submitted to their respective home country regulator, provided the financial reports submitted to the Commission are translated into English with balances converted to U.S. dollars.⁷³ These Non-U.S. bank SDs, however, would continue

to be required to file specific swap position information set forth in Schedule 1 to Appendix C.⁷⁴ Finally, these Non-U.S. bank SDs would be required to file with the Commission such reports no later than 90 calendar days following quarter-end.⁷⁵ This amendment would enable the Commission to collect such reports to support its ability to monitor the capital condition of all SDs, although the Commission does not establish the capital or margin requirements of bank SDs.⁷⁶

The Commission requested comment on the proposed amendment to Commission regulation 23.105(p)⁷⁷ to add the exception discussed above to the financial reporting requirements for Non-U.S. bank SDs that do not submit financial reports to a prudential regulator.⁷⁸ In response, the Commission received comments generally supporting the amendment.⁷⁹ One commenter stated that it agreed that the proposed 90-day time period should permit the Non-U.S. bank SDs sufficient time to prepare and submit the financial reports that are submitted to their respective home country regulator, translated into English with balances converted to U.S. dollars, along with Schedule 1 to Appendix C.⁸⁰ This commenter further stated that this approach allows the Commission to monitor the capital condition of such Non-U.S. bank SDs, although the Commission does not establish the capital or margin requirements of bank SDs.⁸¹ Another commenter stated that this amendment, and the one discussed

immediately below, would simplify the compliance and reporting process for some SDs, especially those that are subject to the oversight of other regulators, such as prudential regulators, the SEC, or foreign regulators.⁸² This commenter further stated that this amendment would also avoid duplication, inconsistency, or conflict among different reporting requirements and standards.⁸³ The Commission has considered the comments, and believes, as discussed above, that this amendment will align the financial reporting requirements of Non-U.S. bank SDs with those of their prudential regulators, while still maintaining the Commission’s ability to properly monitor the capital condition of all SDs, as these reports still provide the Commission with essentially the same critical financial data.⁸⁴ As such, the Commission is adopting the amendment as proposed, with the exception of the modification of the word “approved” to “permitted” with respect to the use of acceptable accounting standards to recognize that certain regulatory authorities may not specifically issue an official approval of such standards.

The Commission also proposed to add a definition of the term “Call Report” to Commission regulation 23.100 and to amend Commission regulation 23.105(p)⁸⁵ to permit bank SDs to file the relevant schedules under the Call Report (Schedule RC and Schedule RC-R), rather than replicating various line items from within those reports on a separately constructed balance sheet and statement of regulatory capital currently maintained in Appendix C.⁸⁶

⁸² Ravnitzky Letter at 1.

⁸³ *Id.*

⁸⁴ As noted in the Proposal, the Commission did not propose to include the restriction in CFTC Staff Letter No. 21-18 that Non-U.S. bank SDs be subject to home country capital standards in a G-20 jurisdiction. The Commission did not receive comment on this, and as indicated, to date all registered Non-U.S. bank SDs have met this criterion. The Proposal, 89 FR at 2558.

⁸⁵ 17 CFR 23.105(p).

⁸⁶ The Proposal, 89 FR at 2558-59. As adopted, Appendix C contains three schedules: 1. Statement of Financial Condition (balance sheet); 2. Statement of Regulatory Capital; and 3. Schedule 1. Both the Statement of Financial Condition and Statement of Regulatory Capital schedules within Appendix C are modeled off the FOCUS Report Part IIC as adopted by the SEC for bank SBSs and contain specific line item references corresponding to the Call Report. See Final Rules, 85 FR at 57566-69. Following adoption of these schedules, changes were made to the

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

Schedule 1 of Appendix C, which contains relevant swap, mixed swap, and security-based swaps position information, would remain a required schedule to be provided by all bank SDs.⁸⁷ This approach would permit the Commission to collect the necessary financial information to monitor the financial condition of bank SDs, even though it is prepared in accordance with prudential regulators' guidance, while eliminating the necessity that bank SDs familiarize themselves with a new reporting form and prevent the Commission from having to routinely monitor and update its form when prudential regulators amend their schedules.⁸⁸ These changes are consistent with the terms of CFTC Staff Letter No. 21-18, which have resulted in the Commission and its staff receiving the requisite information to meaningfully oversee its population of bank SDs since 2021.⁸⁹ In addition, and as mentioned above, these amendments would enable the Commission to collect such reports enabling it to continue to monitor the capital condition of all SDs, although the Commission does not establish the capital requirements of banks.⁹⁰

The Commission requested comment on the added definition to Commission regulation 23.100 and the proposed amendment to Commission regulation 23.105(p)⁹¹ to permit bank SDs to file the relevant schedules under the Call Report (Schedule RC and Schedule RC-R), rather than replicating various line items from within those reports on a separately constructed balance sheet and statement of regulatory capital currently maintained in Appendix C.⁹² In response, the

underlying Call Reports making the schedules obsolete. The SEC has since proposed revisions to the FOCUS Report Part IIC to reflect these changes. *See generally* Electronic Submission of Certain Materials Under the Securities Exchange Act of 1934; Amendments Regarding the FOCUS Report, 88 FR 23920 (Apr. 18, 2023), available at <https://www.federalregister.gov/documents/2023/04/18/2023-06330/electronic-submission-of-certain-materials-under-the-securities-exchange-act-of-1934-amendments> (the "FOCUS Report Amendments").

(subject to pre-publication technical corrections)

Commission received comments generally supporting the amendment.⁹³ One commenter stated that it agreed that the above-described approach, which is consistent with the conditions in CFTC Staff Letter No. 21-18, has resulted in the Commission and its staff receiving the requisite information to meaningfully oversee its population of bank SDs since 2021.⁹⁴ This commenter further stated that it supported the proposed evergreen approach that provides for U.S. bank SDs to submit the relevant portions of the Call Report, as updated by U.S. prudential regulators from time to time, noting that it will avoid the need to periodically update the Commission’s forms to ensure the cross references align with the current version of the Call Report.⁹⁵ The Commission agrees with commenters and believes, as discussed above, that this amendment will align the financial reporting requirements of bank SDs with those of their prudential regulators, while still maintaining the Commission’s ability to monitor the capital condition of all SDs. As such, the Commission is adopting the definition of Call Report and the amendment as proposed.

The Commission also proposed to amend Commission regulation 23.105(p)(7)⁹⁶ to require a bank SD or bank MSP that is also registered with the SEC as an SBSD or MSBSP and files a quarterly Form X-17A-5 FOCUS Report Part IIC with the SEC pursuant to 17 CFR 240.18a-7,⁹⁷ to file such Form X-17A-5 FOCUS Report Part IIC with the Commission in lieu of the Call Report.⁹⁸ Such a dual-registrant would be required to file the form with the Commission when it files the form with the SEC, but no later than 30 calendar days from the date the report is made.

⁹⁸ The Proposal, 89 FR at 2558.

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

The Commission requested comment on the proposed amendment to Commission regulation 23.105(p)(7) to require such dual-registered bank SD or bank MSP to file Form X-17A-5 FOCUS Report Part IIC with the Commission in lieu of the Call Report when it files the form with the SEC, but no later than 30 calendar days from the date the report is made.⁹⁹ One commenter stated that the 30-day deadline is inconsistent with the Commission’s alignment of the deadline for U.S. bank SDs that are not also SBSBs to submit the Call Report when required by the prudential regulators.¹⁰⁰ This commenter further stated that the SEC aligned its deadline for all bank SBSBs to submit FOCUS Report Part IIC to the same 35-day deadline¹⁰¹ and that the commenter believed that the Commission intended to align its deadline, along with the form of required reports, with those required by prudential regulators and the SEC.¹⁰² The commenter further suggested that the Commission should amend the rule text to reflect that intention and to make clear that the Commission requires bank SDs that are also SBSBs to submit to the Commission the same reports on the same day as they do to the SEC.¹⁰³ After considering the comments, the Commission is adopting the amendment as proposed, with the exception of replacing the 30 calendar day requirement with 35 calendar days.

The Commission believes providing an additional five days will not have any negative impact on the Commission’s use of bank SD financial reporting, as the information will still be timely, and agrees with the commenter that aligning the time period to 35 calendar days after the

¹⁰¹ *Id.* See SEC, Division of Trading and Markets letter on Financial Reporting requirements for Security-Based Swap Dealers and Major Security-Based Swap Participants (Oct. 27, 2021) and Order Specifying the Manner and Format of Filing Unaudited Financial and Operational Information by Security-Based Swap Dealers and Major Security-Based Swap Participants That Are Not U.S. Persons and Are Relying on Substituted Compliance Determinations With Respect to Rule 18a-7, 86 FR 59208 (Oct. 26, 2021) at 59210.

¹⁰² *Id.*

¹⁰³ *Id.*

report date in practical effect will allow dual-registrants to submit the reports on the same day as they do to the SEC, which comports with the Commission’s intent.¹⁰⁴ The Commission, however, is not adopting the specific regulatory text suggested by the commenter, because adopting such text would eliminate any specific timeframe other than by reference to as permitted by the SEC. Although the Commission intends to allow dual-registrants to submit reports on the same day, the Commission believes this approach will permit the Commission to evaluate any potential longer reporting time periods that may be prospectively adopted by the SEC. As such, the Commission is adopting the amendment as proposed, with the revision discussed above.

3. Amendments Regarding Financial Reporting and Other Requirements of SDs

a. Amendments to Schedules in Financial Reporting

The Commission proposed to amend the scope of Commission regulation 23.105(k)¹⁰⁵ and the heading and scope of Commission regulation 23.105(l),¹⁰⁶ as well as the titles of certain schedules included in Appendix B,¹⁰⁷ to further clarify that these reporting obligations are applicable to all nonbank SDs and nonbank MSPs.¹⁰⁸ Commission regulation 23.105(k)¹⁰⁹ lists both model-specific information that nonbank SDs must report as well as a description of the same type of exposure information as reflected in the schedules to Appendix B.¹¹⁰ Commission

¹⁰⁴ The Proposal, 89 FR at 2560.

¹⁰⁵ 17 CFR 23.105(k).

¹⁰⁶ 17 CFR 23.105(l).

¹⁰⁷ Appendix B is comprised of 4 individual schedules: SCHEDULE 1 – AGGREGATE SECURITIES, COMMODITIES AND SWAPS POSITIONS; SCHEDULE 2 – CREDIT CONCENTRATION REPORT FOR FIFTEEN LARGEST EXPOSURES IN DERIVATIVES; SCHEDULE 3 – PORTFOLIO SUMMARY OF DERIVATIVES EXPOSURES BY INTERNAL CREDIT RATING; and SCHEDULE 4 – GEOGRAPHIC DISTRIBUTION OF DERIVATIVES EXPOSURES FOR TEN LARGEST COUNTRIES.

¹⁰⁸ The Proposal, 89 FR at 2559.

¹⁰⁹ 17 CFR 23.105(k).

¹¹⁰ The Proposal, 89 FR at 2559.

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

regulation 23.105(l),¹¹¹ however, requires all nonbank SDs, including those not approved to use models, to complete the Appendix B schedules on a monthly basis.¹¹² This has resulted in several nonbank SDs filing each of the schedules to Appendix B without having received capital model approval.¹¹³ Hence, in current form, Commission regulations 23.105(k) and (l),¹¹⁴ as well as the titles of Schedules 2-4 of Appendix B, could more explicitly indicate that all of the information within the schedules included in Appendix B is required of all nonbank SDs, including those not authorized to use models.¹¹⁵

The Appendix B schedules are identical to corresponding schedules found in SEC’s FOCUS Report required to be completed by both SBSBs and certain broker dealers (“BDs”).¹¹⁶ To the extent practicable, the Commission intends to align financial reporting requirements, including those listed in textual form in Commission regulation 23.105(k)¹¹⁷ and in the finalized schedules part of Appendix B, with the reporting requirements finalized by the SEC pertaining to SBSBs, MSBSPs, and BDs.¹¹⁸ This is also consistent with the Commission’s general approach permitting dually-registered BDs and SBSBs to file SEC Form FOCUS Report Part II in lieu of their requirements under Commission regulations 23.105(d) and (e),¹¹⁹ and for those dually-

¹¹¹ 17 CFR 23.105(l).

¹¹² The Proposal, 89 FR at 2559.

¹¹³ *Id.*

¹¹⁴ 17 CFR 23.105(k) and (l).

¹¹⁵ The Proposal, 89 FR at 2559. To further complicate matters, the heading and first paragraph to Commission regulation 23.105(k) (17 CFR 23.105(k)) both indicate that this provision only applies to SDs approved to use internal models to calculate market risk and credit risk for calculating capital under Commission regulation 23.102(d) (17 CFR 23.102(d)).

¹¹⁶ See FOCUS Report Amendments.

¹¹⁷ 17 CFR 23.105(k).

¹¹⁸ See Final Rules, 85 FR at 57519.

¹¹⁹ 17 CFR 23.105(d) and (e).

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

registered SBSs subject to the capital rules of a prudential regulator under Commission regulation 23.105(p).¹²⁰

NFA has also adopted nearly identical capital and financial reporting requirements for its member nonbank SDs and nonbank MSPs.¹²¹ The finalized NFA rules mandate the use of comprehensive standardized forms for financial reporting by member nonbank SDs and nonbank MSPs that are not otherwise able to file an SEC Form FOCUS Report Part II.¹²² These new NFA forms, FR-CSE-NLA and FR-CSE-BHC, include each of the required schedules found in Appendix B. All the information listed in textual form in paragraph (k)(1)(v) of Commission regulation 23.105¹²³ can be found in specific schedules found in Appendix B.¹²⁴ The Commission proposed Appendix B, which is now part of NFA’s adopted forms, to be the primary mechanism for firms to provide the required information listed in Commission regulation 23.105(k).¹²⁵ The amendment to Commission regulation 23.105(k)¹²⁶ clarifies that Appendix B schedules are required to be completed by all nonbank SDs and nonbank MSPs as intended by the Final Rule, and is consistent with that required by the SEC and NFA.¹²⁷ Further,

¹²⁰ 17 CFR 23.105(p). As indicated in the Final Rule, the Commission has a long history of permitting SEC registrants to meet their financial statement filing obligations with the Commission by submitting required SEC forms in lieu of the CFTC’s forms, which reduces the burden on dually-registered firms by not requiring two separate financial reporting requirements. *See* Final Rules, 85 FR at 57515.

¹²¹ NFA section 18.

¹²² NFA section 18(e).

¹²³ 17 CFR 23.105(k)(1)(v).

¹²⁴ For example, Commission regulation 23.105(k)(1)(v)(B) (17 CFR 23.105(k)(1)(v)(B)) requires that all model-approved SDs file the “Current exposure (including commitments) listed by counterparty for the 15 largest exposures,” which is also found in Schedule 2 to Appendix B. Similarly, the information listed in textual form in Commission regulations 23.105(k)(1)(i)-(v) (17 CFR 23.105(k)(1)(i)-(v)) corresponds verbatim to the textual requirements found in SEC rule 18a-7(a)(3). *See* 17 CFR 240.18a-7(a)(3).

¹²⁵ 17 CFR 23.105(k). As discussed in the Final Rule, the Commission may (and subsequently has) approved additional procedures developed by an RFA, which could include standard forms or procedures necessary to carry out the Commission’s filing requirements. *See* Final Rules, 85 FR 57518.

¹²⁶ 17 CFR 23.105(k).

¹²⁷ The Proposal, 89 FR at 2560.

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

the Commission’s proposed amendment to Commission regulation 23.105(l)¹²⁸ and the headings of certain schedules in Appendix B would make clear that these schedules must be reported at the same periodicity as the financial reporting of each respective nonbank SD, either monthly or quarterly as applicable, and that all of the schedules are required for all nonbank SDs, not just those authorized to use models.¹²⁹

The Commission requested comment on the proposed amendments to revise the scope of Commission regulation 23.105(k)¹³⁰ and the heading and scope of Commission regulation 23.105(l),¹³¹ as well as the titles of certain schedules included in Appendix B.¹³² In response, the Commission received comments generally supporting the amendments.¹³³ The Commission believes, as discussed above, that these amendments will make clear that these reporting obligations apply to all nonbank SDs and nonbank MSPs, as intended in the Final Rule. As such, the Commission is adopting the amendments as proposed.

b. Changes to Public Disclosure Requirements

The Commission proposed to amend Commission regulation 23.105(i)¹³⁴ to align the public disclosure of unaudited financial information with the periodicity permitted by routine financial filings in Commission regulation 23.105(d),¹³⁵ and to remove reference to a statement in both the unaudited and audited information disclosing the amounts of minimum regulatory capital and the amount of its minimum regulatory capital requirement computed in accordance

¹²⁸ 17 CFR 23.105(l).

(subject to pre-publication technical corrections)

with Commission regulation 23.101.¹³⁶ Currently, paragraphs (i)(1)(ii) and (i)(2)(ii) of Commission regulation 23.105 require a nonbank SD or nonbank MSP to publicly disclose on its website a statement of the amount of the nonbank SD’s or nonbank MSP’s regulatory capital and its minimum capital requirement.¹³⁷ This information is required to be disclosed as of the nonbank SD’s or nonbank MSP’s fiscal year-end, and as of six months after the firm’s fiscal year-end.

The Commission proposed to revise Commission regulation 23.105(i)(1)(i)¹³⁸ to include the footnotes to the unaudited Statement of Financial Condition in the required disclosures.¹³⁹ The Commission also proposed to revise Commission regulations 23.105(i)(1)(ii) and (i)(2)(ii)¹⁴⁰ to replace the word “statement” with “amounts” to indicate that required capital information does not need to exist in a standalone statement or form.¹⁴¹ To the extent practicable, the Commission indicated its intention was to align its requirements with those required of BDs and SBSBs by the SEC¹⁴² and determined that the information, regardless of its format, contained in the footnotes accompanying the financial statements should ordinarily satisfy the requirements for disclosing minimum regulatory capital.¹⁴³

The Commission requested comment on the proposed amendments to Commission regulation 23.105(i)¹⁴⁴ to align the public disclosure of unaudited financial information with the periodicity permitted by routine financial filings in Commission regulation 23.105(d),¹⁴⁵ and to

remove reference to a statement in both the unaudited and audited information disclosing the amounts of minimum regulatory capital and the amount of its minimum regulatory capital requirement computed in accordance with Commission regulation 23.101.¹⁴⁶ In response, the Commission received comments generally supporting the amendments.¹⁴⁷ The Commission believes, as discussed above, that these amendments will align the periodicity of different financial reporting requirements of nonbank SDs and create flexibility as to the format for disclosing minimum regulatory capital. As such, the Commission is adopting the amendments as proposed.

c. Changes to Form 1-FR-FCM

The Commission proposed to amend Form 1-FR-FCM to add new lines 22.A.vi through vii. to the Statement of the Computation of the Minimum Capital Requirements schedule (“Statement of Minimum Capital Schedule”) to include the 2 percent of uncleared swap margin capital requirement under Commission regulation 1.17(a)(1)(i)(B)(2).¹⁴⁸ The Commission also proposed to amend the Form 1-FR-FCM to add the specific market risk charges for swaps and security-based swaps as new lines 16.D. of the Statement of Minimum Capital Schedule.¹⁴⁹

Commission regulation 1.10 requires all FCMs to submit a Form 1-FR-FCM when they file for registration as an FCM and periodically following registration.¹⁵⁰ The Form 1-FR-FCM includes, among other things, the Statement of Minimum Capital Schedule as a supplementary schedule.¹⁵¹ In the Final Rule, the Commission added a 2 percent of uncleared swap margin

¹⁴⁶ The Proposal, 89 FR at 2560; 17 CFR 23.101.

¹⁴⁷ See IIB/ISDA/SIFMA Letter; Shell Letter; Barnard Letter; Ravnitzky Letter.

capital requirement to the risk-based net capital requirement for FCMs that are also registered as SDs (“FCM-SDs”), and adopted specific market risk charges for uncleared swaps in the FCM net capital requirements in Commission regulation 1.17.¹⁵² Further, FCMs dually-registered as BDs are permitted to file the SEC’s FOCUS Report Part II in lieu of the Commission’s Form 1-FR-FCM in reporting net capital.¹⁵³ On March 22, 2023, the SEC proposed to amend its FOCUS Report Part II to include the Commission’s net capital changes adopted for FCM-SDs, including the addition of the 2 percent uncleared swap margin to the risk-based net capital requirement of FCM-SDs.¹⁵⁴ The Commission proposed the amendments to Form 1-FR-FCM to more explicitly require disclosure of the 2 percent amount and conform with the SEC’s proposal as well as to provide important information to assist the Commission in monitoring compliance of FCM-SD with the capital requirements adopted in the Final Rule.¹⁵⁵ This information is important to the Commission in monitoring the Final Rules, as reporting the 2 percent amount enables the Commission to confirm that the FCM-SD is complying with its capital requirement.¹⁵⁶

The Commission requested comment on the proposed amendments to Form 1-FR-FCM to add new lines to the form to include the 2 percent of uncleared swap margin capital requirement under Commission regulation 1.17(a)(1)(i)(B)(2)¹⁵⁷ and to add specific disclosure of the haircuts for swaps and security-based swaps in the computation of net capital on the form.¹⁵⁸ In response, the Commission received comments generally supporting the amendments.¹⁵⁹ The

¹⁵² 17 CFR 1.17(a)(1)(i)(B)(2) and (c)(5)(iii). *See generally* Final Rules, 85 FR at 57473-76 and 57562.

Commission believes, as discussed above, that these amendments will ensure the collection of information that is important to the Commission in monitoring the Final Rules and will align the specific items within the Form 1-FR-FCM Statement of Minimum Capital Schedule with comparable schedules within the FOCUS Report Part II utilized by dual-registered BD or SBSBs. As such, the Commission is adopting the amendments to the Form 1-FR-FCM as proposed.

d. Additional Cross References to Clarify Applicable Market and Credit Risk Charges

The Commission proposed to add new language to Commission regulations 23.103(a)(1) and (c)(1)¹⁶⁰ to clarify that the same standardized market and credit risk charges are applicable to nonbank SDs electing the Tangible Net Worth Capital Approach as are applicable to all other nonbank SDs not approved to use models.¹⁶¹ Commission regulation 23.103(b)¹⁶² provides that nonbank SDs electing the Tangible Net Worth Capital Approach or Net Liquid Assets Capital Approach are required to compute standardized market risk charges contained in SEC Rule 18a-1¹⁶³ and Commission regulation 1.17,¹⁶⁴ as applicable. Commission regulation 23.103(c)¹⁶⁵ also provides that a nonbank SD electing the Net Liquid Assets Capital Approach must compute its standardized credit risk charge in accordance with SEC Rule 18a-1¹⁶⁶ or Commission regulation 1.17,¹⁶⁷ as applicable, but fails to provide a reference for nonbank SDs electing the Tangible Net

¹⁶⁰ 17 CFR 23.103(a)(1) and (c)(1).

¹⁶¹ The Proposal, 89 FR at 2560.

(subject to pre-publication technical corrections)

Worth Capital Approach.¹⁶⁸ Because standardized credit risk charges were intended to be the same for nonbank SDs using the Tangible Net Worth Capital Approach or the Net Liquid Assets Capital Approach, the Commission proposed to amend Commission regulations 23.103(a)(1) and (c)(1)¹⁶⁹ to correct this omission by directing nonbank SDs electing the Tangible Net Worth Capital Approach to compute standardized credit risk charges in accordance with SEC Rule 18a-1¹⁷⁰ or Commission regulation 1.17,¹⁷¹ as applicable.¹⁷²

Similarly, the Commission proposed to amend Commission regulation 23.102(d)¹⁷³ to correct the applicable cross reference in order to make it clearer that either 12 CFR part 217 or Appendix A to Subpart E of Part 23 (“Appendix A”)¹⁷⁴ should be utilized as applicable by the nonbank SD depending on the respective capital approach elected.¹⁷⁵

The Commission requested comment on the proposed amendments to Commission regulations 23.103(a)(1) and (c)(1)¹⁷⁶ to clarify that the same standardized market and credit risk charges are applicable to nonbank SDs electing the Tangible Net Worth Capital Approach as are applicable to all other nonbank SDs not approved to use models, as well as the amendments to Commission regulation 23.102(d)¹⁷⁷ to correct the applicable cross reference in order to make it clearer that either 12 CFR part 217 or Appendix A should be utilized as applicable by the

¹⁶⁸ SDs electing to use the Tangible Net Worth Capital Approach are required to meet a minimum capital requirement which includes, among other things, \$20 million plus the amount of the SD’s market risk exposure requirement and its credit risk exposure requirement associated with the SD’s swap and related hedge positions that are part of the SD’s swap dealing activities. 17 CFR 23.101(a)(2)(ii)(A).

¹⁷⁷ 17 CFR 23.102(d).

nonbank SD depending on the respective capital approach elected.¹⁷⁸ In response, the Commission received comments generally supporting the amendments.¹⁷⁹ The Commission believes, as discussed above, that these amendments will provide clarity on the applicable market and credit risk charges as well as which regulatory reference (12 CFR part 217 or Appendix A) should be utilized depending on the elected capital approach by the SD, as intended by the Final Rule. As such, the Commission is adopting the amendments as proposed.

B. Other Amendments

1. Notice of Substantial Reduction in Capital

The Commission proposed to amend Commission regulation 23.105(c)(4)¹⁸⁰ to add a two-business day reporting timeframe to the requirement for a nonbank SD to file notice of a substantial reduction in capital.¹⁸¹ Currently, Commission regulation 23.105(c)(4), which requires nonbank SDs and nonbank MSPs to provide notice of a substantial reduction in capital as compared to the last reported in a financial report, does not specify a timeframe for the notice filing.¹⁸²

The Commission requested comment on the proposed amendment to Commission regulation 23.105(c)(4)¹⁸³ to add a two-business day reporting timeframe to the requirement for a nonbank SD to file notice of a substantial reduction in capital.¹⁸⁴ In response, the Commission received comments generally supporting the amendments.¹⁸⁵ One commenter stated that the

¹⁸⁵ See IIB/ISDA/SIFMA Letter; Shell Letter; Barnard Letter; Ravnitzky Letter.

addition of a concrete reporting timeframe will provide regulatory certainty regarding when such a filing is due and align it with current FCM capital reduction notification timing requirements.¹⁸⁶ The Commission agrees with commenters and believes that the amendment will align with the two business day reporting timeframe applied to FCMs and provide regulatory certainty as to when the notification is required, while still making the notice timely. As such, the Commission is adopting the amendment as proposed.

2. Subordinated Debt Approval

The Commission proposed to amend Commission regulations 23.101(a)(1)(i)(B) and add 23.101(a)(1)(ii)(D)¹⁸⁷ to establish that using subordinated debt as regulatory capital is subject to the approval of either an RFA of which the nonbank SD is a member or the Commission.¹⁸⁸ The nonbank SD capital requirements for both the Bank-Based Capital Approach and the Net Liquid Assets Capital Approach permit the use of subordinated debt as capital in order to align with the permitted use of subordinated debt under the FCM net capital requirements.¹⁸⁹ The requirements for qualifying subordinated debt were adopted by the SEC in its capital rule for SBSs and were included by reference by the Commission for other nonbank SDs in the Bank-Based Capital Approach.¹⁹⁰ Commission staff received questions regarding the process for approving subordinated debt for nonbank SDs not also registered with the SEC because the Final Rule did not articulate a process.¹⁹¹ To address this omission, NFA adopted Financial Requirements Rule

¹⁸⁶ Ravnitzky Letter at 2.

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

Section 18(d).¹⁹² Under the existing framework, NFA already approves subordinated loan agreements for net capital agreements for nonbank SDs that are not dually-registered with the SEC. Similarly, although nonbank SDs that are dually-registered with the SEC are able to obtain SEC approval on subordinated debt,¹⁹³ nonbank SDs that elect either the Bank-Based Capital Approach or the Net Liquid Assets Capital Approach but are not registered with the SEC, do not have an approval process for the use of subordinated debt under the Commission’s rules. As discussed in the Final Rule,¹⁹⁴ when adopting the permissive use of subordinated debt in establishing minimum regulatory capital, the Commission has long approved a process for FCMs to obtain subordinated debt approval from their Designated Self-Regulatory Organizations (“DSROs”), including the NFA.¹⁹⁵

The Commission proposed to permit NFA to administer the approval process for nonbank SDs because of the NFA’s extensive history and experience as a DSRO administering a subordinated debt approval program for FCMs.¹⁹⁶ The Commission requested comment on the proposed amendment to Commission regulations 23.101(a)(1)(i)(B) and addition of 23.101(a)(1)(ii)(D)¹⁹⁷ to establish that using subordinated debt as regulatory capital is subject to

¹⁹² See generally NFA Interpretative Notice 9078 (Feb. 18, 2021), available at <https://www.nfa.futures.org/rulebooksql/rules.aspx?Section=9&RuleID=9078#:~:text=In%20order%20to%20permit%20these%20non-SEC%20registered%20SD,NFA%27s%20pre-approval%20of%20the%20subordinated%20debt%20loan%20agreement.>

¹⁹³ Nonbank SDs that are duly-registered as SBSDs typically elect under Commission regulation 23.101(a)(1)(ii) (17 CFR 23.101(a)(1)(ii)) to maintain net capital by complying with § 240.18a-1d, and are independently subject to such requirements, including the subordinated-debt approval process, by their registration as a SBSD with the SEC. 17 CFR 240.18a-1d.

¹⁹⁴ Final Rules, 85 FR at 57495.

¹⁹⁵ See Miscellaneous Rule Deletions, Amendments or Clarifications, 57 FR 20633, 20634 (May 14, 1992). The subordinated debt approval program for FCMs administered by NFA has been in place for over 30 years. In addition, the NFA, as the only registered futures association under the CEA, is specifically required to adopt capital requirements on its members, including SDs, and to implement a program to audit and enforce the compliance with such requirements in accordance with section 17(p)(2) of the CEA, 7 U.S.C. § 21(p)(2).

¹⁹⁶ The Proposal, 89 FR at 2562.

¹⁹⁷ 17 CFR 23.101(a)(1)(i)(B) and (a)(1)(ii)(D).

the approval of either an RFA of which the nonbank SD is a member or the Commission.¹⁹⁸ In response, the Commission received comments generally supporting the amendments.¹⁹⁹ The Commission believes that this amendment will address the omission discussed above and that NFA has the history, experience and resources to adequately perform the review, approval and ongoing assessment of nonbank SDs' permitted use of subordinated debt. As such, the Commission is adopting the amendment as proposed.

3. Statement of No Material Difference

The Commission proposed to amend Commission regulation 23.105(e)(4)(v)²⁰⁰ for nonbank SDs and nonbank MSPs to explicitly require a statement, if applicable, that there are no material differences between the audited annual report and the unaudited annual report of the same date.²⁰¹ The Commission also proposed to amend Commission regulation 23.105(e)(6),²⁰² to more explicitly require nonbank SDs and nonbank MSPs also registered as FCMs to fully comply with the requirements of Commission regulation 1.16.²⁰³ Commission regulation 23.105(e)²⁰⁴ requires nonbank SDs and nonbank MSPs to submit an annual audited financial report with the Commission and with NFA.²⁰⁵ Included with the financial report is, among other things, a reconciliation of any material differences from the unaudited financial reports prepared as of the nonbank SD's or nonbank MSP's year-end date.

¹⁹⁸ The Proposal, 89 FR at 2561-62.

¹⁹⁹ See IIB/ISDA/SIFMA Letter; Shell Letter; Barnard Letter; Ravnitzky Letter.

²⁰⁴ 17 CFR 23.105(e).

²⁰⁵ 17 CFR 23.105(e).

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

For instances in which no material differences exist between the unaudited and audited year-end financial statements, however, Commission regulation 1.10(d)(2)(vi)²⁰⁶ requires FCMs to include a statement indicating that no such differences exist. Currently, Commission regulation 23.105(e)²⁰⁷ does not provide for such a statement in this parallel provision for audits of nonbank SDs or nonbank MSPs. The Commission proposed to amend Commission regulation 23.105(e)(4)(v)²⁰⁸ so that when nonbank SDs and nonbank MSPs file their audited annual report, a statement that there are no material differences between the audited annual report and the unaudited annual report is included, if no such differences exist.²⁰⁹

The Commission requested comment on the proposed amendment to Commission regulation 23.105(e)(4)(v)²¹⁰ to require nonbank SDs and nonbank MSPs to explicitly provide a statement, if applicable, that there are no material differences between the audited annual report and the unaudited annual report of the same date.²¹¹ In response, the Commission received comments generally supporting the amendments.²¹² One commenter stated that requiring a specific statement that no material differences exist when none are otherwise reported will provide more complete and meaningful information to users of the financial reports and align the filing approach for auditors of nonbank SDs and nonbank MSPs with that of FCMs.²¹³ The Commission agrees with commenters and believes that these amendments will enhance the reliability of the annual reports by ensuring auditors assess the materiality of any discovered

audit differences, and that nonbank SDs and nonbank MSPs also registered as FCMs fully comply with FCM annual report requirements. As such, the Commission is adopting the amendments to Commission regulation 23.105(e)²¹⁴ as proposed.

III. Related Matters

A. Regulatory Flexibility Act

The Regulatory Flexibility Act (“RF Act”) requires that Federal agencies consider whether the regulations they propose will have a significant economic impact on a substantial number of small entities, and if so, provide a regulatory flexibility analysis respecting the impact.²¹⁵ This rulemaking would affect the obligations of SDs, MSPs, and FCMs. The Commission has previously determined that SDs, MSPs, and FCMs are not small entities for purposes of the RF Act.²¹⁶ Therefore, the requirements of the RF Act do not apply to those entities.

Accordingly, for the reasons stated above, the Commission has determined that this rulemaking will not have a significant economic impact on a substantial number of small entities. Therefore, the Chairman, on behalf of the Commission, hereby certifies, pursuant to 5 U.S.C. 605(b), that the Commission regulations being published today by this Federal Register release will not have a significant economic impact on a substantial number of small entities.

B. Paperwork Reduction Act

1. Background

²¹⁴ 17 CFR 23.105(e).

²¹⁵ 5 U.S.C. § 601 *et seq.*

²¹⁶ Policy Statement and Establishment of Definitions of “Small Entities” for Purposes of the Regulatory Flexibility Act, 47 FR 18618 (Apr. 30, 1982) (FCMs) and Registration of Swap Dealers and Major Swap Participants, 77 FR 2613, 2620 (Jan. 19, 2012) (SDs and MSPs).

The Paperwork Reduction Act of 1995 (“PRA”)²¹⁷ imposes certain requirements on Federal agencies, including the Commission, in connection with conducting or sponsoring any “collection of information” as defined by the PRA. Under the PRA, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number from the Office of Management and Budget (“OMB”). The PRA is intended, in part, to minimize the paperwork burden created for individuals, businesses, and other persons as a result of the collection of information by federal agencies, and to ensure the greatest possible benefit and utility of information created, collected, maintained, used, shared, and disseminated by or for the federal government. The PRA applies to all information, regardless of form or format, whenever the federal government is obtaining, causing to be obtained, or soliciting information, and includes required disclosure to third parties or the public, of facts or opinions, when the information collection calls for answers to identical questions posed to, or identical reporting or recordkeeping requirements imposed on, ten or more persons.

The final rulemaking modifies an existing collection of information previously approved by OMB and for which the Commission has received an OMB control number: OMB control number 3038-0024, “Regulations and Forms Pertaining to Financial Integrity of the Market Place; Margin Requirements for SDs/MSPs” (OMB Collection 3038-0024).²¹⁸ The responses to this collection of information are mandatory. The Commission does not believe the Final Rule as adopted imposes any other new collections of information that require approval of OMB under the PRA.

²¹⁷ 44 U.S.C. 3501 *et seq.*

²¹⁸ For the previously approved estimates, *see* ICR Reference No. 202207-3038-001, available at https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202207-3038-001.

The Commission did not receive any comments regarding its PRA burden analysis in the preamble to the Proposal. The Commission is revising collection number 3038-0024 to reflect the adoption of amendments to Parts 1 and 23 of its regulations, as discussed below.

2. OMB Collection 3038-0024—Regulations and Forms Pertaining to Financial Integrity of the Market Place; Margin Requirements for SDs/MSPs

As of March 2024, there are approximately 107 SDs and no MSPs registered with the Commission that may be impacted by this rulemaking and, in particular, the collection of information discussed below.

Commission regulation 23.105²¹⁹ requires that each SD and MSP maintain certain specified records, report certain financial information, and notify or request permission from the Commission under certain specified circumstances, in each case, as provided in the Commission regulation. For example, the Commission regulation requires generally that SDs and MSPs maintain current books and records, provide notice to the Commission of regulatory capital deficiencies and related documentation, provide notice of certain other events specified in the rule, and file financial reports and related materials with the Commission (including the information in Appendices B and C, as applicable). Commission regulation 23.105²²⁰ also requires the SD or MSP to furnish information about its custodians that hold margin for uncleared swap transactions and the amounts of margin so held, and for SDs approved to use models (as discussed above), provide additional information regarding such models, as further described in Commission regulation 23.105(k).²²¹

²¹⁹ 17 CFR 23.105.

²²⁰ *Id.*

²²¹ 17 CFR 23.105(k).

The Commission estimates that there are 31 SD firms required to fulfill their financial reporting, recordkeeping, and notification obligations under Commission regulations 23.105(a)-(n)²²² because they are not subject to a prudential regulator, not already registered as an FCM, and not dually-registered as a SBSD. The Commission does not anticipate that its estimates of burden associated with these obligations will change as a result of any of the amendments to Commission regulation 23.105²²³ adopted herein.

Commission regulation 23.105(p)²²⁴ and its accompanying Appendix C impose quarterly financial reporting and notification obligations on SDs subject to a prudential regulator. Approximately 55 of the 107 registered SDs are subject to a prudential regulator. The Commission has previously estimated that these reporting and notification requirements impose an ongoing burden of 33 hours annually. This results in a total aggregate burden of 1,815 hours annually. The Commission estimates this burden will remain unchanged by the amendments to Commission regulation 23.105(p)²²⁵ adopted herein, as the burden associated with requirements to file quarterly financial reporting and notifications previously were based on these entities filing their existing information contained in Call Reports along with Schedule 1 information. Under the amendments adopted herein, these obligations will remain the same for bank SDs, except for Non-U.S. bank SDs who will also still file existing financial reporting information as reported to their home country supervisor, along with Appendix C Schedule 1 information.

C. Section 15(b) Antitrust Laws

Section 15(b) of the CEA requires the Commission to “take into consideration the public interest to be protected by the antitrust laws and endeavor to take the least anticompetitive means

²²² 17 CFR 23.105(a)-(n).

²²³ 17 CFR 23.105.

²²⁴ 17 CFR 23.105(p).

²²⁵ *Id.*

of achieving the purposes of this Act, in issuing any order or adopting any Commission rule or regulation (including any exemption under section 4(c) or 4c(b)), or in requiring or approving any bylaw, rule, or regulation of a contract market or registered futures association established pursuant to section 17 of this Act.”²²⁶

The Commission believes that the public interest to be protected by the antitrust laws is generally to protect competition. The Commission has considered the rule to determine whether it is anticompetitive and has identified no anticompetitive effects. The Commission requested and received no comments on whether the proposed rule is anticompetitive and, if it is, what the anticompetitive effects are. Further, the Commission requested and received no comments on whether there are less anticompetitive means of achieving the relevant purposes of the Act that would otherwise be served by adopting the rule. Finally, the Commission requested and received no comments on whether the proposed rule implicates any other specific public interest to be protected by the antitrust laws. The Commission has determined that the rule is not anticompetitive and has no anticompetitive effects, and it has not identified any less anticompetitive means of achieving the purposes of the Act. As such, the Commission is adopting the rule as proposed subject to the modifications discussed herein.

IV. Cost Benefit Considerations

A. Background

Section 15(a) of the CEA requires the Commission to consider the costs and benefits of its discretionary actions before promulgating a regulation under the CEA or issuing certain orders.²²⁷ Section 15(a) further specifies that the costs and benefits shall be evaluated in light of five broad areas of market and public concern: (1) protection of market participants and the

²²⁶ 7 U.S.C. § 19(b).

²²⁷ 7 U.S.C. § 19(a).

public; (2) efficiency, competitiveness, and financial integrity of futures markets; (3) price discovery; (4) sound risk management practices; and (5) other public interest considerations (collectively, the “Section 15(a) Factors”). In this cost benefit section, the Commission discusses the costs and benefits resulting from its discretionary determinations with respect to the Section 15(a) Factors.²²⁸

Section 4s(e) of the CEA, added by Section 731 of the Dodd-Frank Act, provides the Commission with mandatory and discretionary rulemaking authority to adopt capital requirements for nonbank SDs and nonbank MSPs,²²⁹ as well as financial reporting requirements for SDs and MSPs.²³⁰ Section 4s(e) of the CEA requires the Commission to adopt minimum capital requirements for nonbank SDs and nonbank MSPs that are designed to help ensure their safety and soundness and are appropriate for the risk associated with the uncleared swaps held by such nonbank SD or nonbank MSP. In addition, section 4s(e)(2)(C) of the CEA, requires the Commission to establish capital requirements for nonbank SDs or nonbank MSPs that account for the risks associated with their entire swaps portfolio and all other activities conducted. Lastly, section 4s(e)(3)(D) of the CEA provides that the Commission, the prudential regulators, and the SEC, must “to the maximum extent practicable” establish and maintain comparable capital rules. Accordingly, this rulemaking includes certain capital and financial reporting requirements related to SDs and MSPs.

The baseline for the Commission’s consideration of the costs and benefits of this rulemaking is the existing statutory and regulatory framework applicable to SDs and MSPs,

²²⁸ The Commission notes that the costs and benefits considered in this proposed rulemaking, and highlighted below, have informed the policy choices described throughout this release.

²²⁹ Section 4s(e)(2)(B) of the CEA, 7 U.S.C. § 6s(e)(2)(B).

²³⁰ Section 4s(f) of the CEA, 7 U.S.C. § 6s(f).

including the capital and margin requirements for SDs and MSPs under subpart E of Part 23.

The Commission recognizes, however, that to the extent that SDs²³¹ have arranged their business in reliance on Division interpretations and no-action positions in CFTC Staff Letters No. 21-15 and 21-18, as extended under CFTC Staff Letter No. 23-11, the actual costs and benefits of this rulemaking may be mitigated.

The Commission recognizes that the amendments adopted herein may impose costs. The Commission has endeavored to assess the expected costs and benefits of the amendments in quantitative terms, including PRA-related costs, where possible. In situations where the Commission is unable to quantify the costs and benefits, the Commission identifies and considers the costs and benefits of the rules in qualitative terms. The lack of data and information to estimate those costs and benefits is attributable in part to the nature of the amendments, which are tailored financial reporting requirements based on the specific businesses and types of SDs registered with the Commission. Further, SDs represent a wide diversity of business models catering towards different swap counterparties, from financial end users to commercial enterprises. As a result, the Commission expects each SD to have developed its corporate entity in a unique manner by employing different corporate cost structures, making it particularly difficult to estimate the quantitative impacts of both costs and benefits on each SD.

As previously discussed, the Commission received four substantive comments expressing support for the Proposal.²³² Commenters generally noted that the proposed amendments are beneficial for market participants and characterized them as helpful and practical

²³¹ Currently, there are no MSPs registered with the Commission and there have not been any MSPs registered with the Commission for several years. Thus, this section regarding the Commission's consideration of the costs and benefits of this proposed rulemaking will only refer to SDs that may have relied on CFTC Staff Letters No. 21-15 and 21-18 and may benefit from the compliance exceptions set forth herein.

²³² See IIB/ISDA/SIFMA Letter; Shell Letter; Barnard Letter; Ravnitzky Letter.

accommodations that reflect the realities of the marketplace and facilitate compliance with the CFTC financial reporting requirements.²³³ Several commenters elaborated on specific benefits of the amendments, noting for instance that the proposed amendments would reduce regulatory burden and costs for some SDs, including those that are predominantly engaged in non-financial activities and have a high level of tangible net worth.²³⁴

B. CFTC Staff Letters and Other Amendments

The Commission is adopting technical amendments to its definitions in Commission regulation 23.100²³⁵ for “predominantly engaged in non-financial activities” and “tangible net worth.” Further, the Commission is adopting amendments to Commission regulation 23.105(p)²³⁶ to add exceptions to the financial reporting requirements for Non-U.S. bank SDs, and permitting bank SDs to file the relevant schedules under the Call Report (Schedule RC and Schedule RC-R) instead of as required by Appendix C. In addition, the Commission is making a number of clarifying amendments including: (1) amending the heading and scope provisions of Commission regulation 23.105(k)²³⁷ and the titles of certain schedules included in Appendix B; (2) changing public disclosure requirements under Commission regulation 23.105(i);²³⁸ (3) amending Form 1-FR-FCM to more accurately address net capital changes; (4) adding language to Commission regulations 23.103(a) and (c)(1)²³⁹ to clarify that standardized charges are the same as applicable to all SDs not using the Bank-Based Capital Approach; and (5) amending the cross reference in Commission regulation 23.102(d)²⁴⁰ to make clear that either 12 CFR part 217

²³³ *See id.*

²³⁴ Ravnitzky Letter at 1.

²³⁵ 17 CFR 23.100.

²³⁶ 17 CFR 23.105(p).

²³⁷ 17 CFR 23.105(k).

²³⁸ 17 CFR 23.105(i).

²³⁹ 17 CFR 23.103(a) and (c)(1).

²⁴⁰ 17 CFR 23.102(d).

or Appendix A should be utilized as applicable by the nonbank SD depending on the respective capital approach elected.

1. Benefits

The amendments to definitions of “predominantly engaged in non-financial activities” and “tangible net worth” aligning the regulatory text with the terms of CFTC Staff Letter No.21-15 are intended to ensure that the Tangible Net Worth Capital Approach can be utilized by certain nonbank SDs as was originally intended in the Final Rule. These amendments are expected to benefit certain nonbank SDs by ensuring clear and effective compliance with regulatory requirements under the Tangible Net Worth Capital Approach as amended, ultimately reducing operational costs for such nonbank SDs. In particular, nonbank SDs would no longer be required to calculate asset and revenue tests separately between the entity and the ultimate parent level or compute such tests under U.S. GAAP even if such entity was permitted to use IFRS. Further, these amendments would allow nonbank SDs meeting such qualifications to file their supplemental position reports at the same time as routine financial reporting for all nonbank SDs set forth within Commission regulation 23.105(d).²⁴¹

Similarly, the amendments to Commission regulation 23.105(p)²⁴² that are consistent with the terms of CFTC Staff Letter No. 21-18, as extended under CFTC Staff Letter No. 23-11, are expected to benefit bank SDs by permitting: (1) Non-U.S. bank SDs to file reports by their home country regulators subject to certain conditions; (2) bank SDs to file comparable Call Report schedules in accordance with, and within the timeframe permitted by, the prudential regulators; (3) Non-U.S. bank SDs to file balance sheet and statement of regulatory capital information in accordance with home country requirements provided they are in English,

²⁴¹ 17 CFR 23.105(d).

²⁴² 17 CFR 23.105(p).

converted to U.S. dollars and filed within 90 calendar days following quarter-end; and (4) dually-registered Non-U.S. bank SDs to file comparable SEC-approved financial reports and schedules. The Commission anticipates that these amendments will eliminate duplicative and superfluous reporting and streamline financial reporting for both Non-U.S. and dually-registered bank SDs.

Lastly, the amendments regarding financial reporting and computation include: (1) amendments to the heading and scope provision of Commission regulations 23.105(k) and (l);²⁴³ (2) titles of certain schedules included in Appendix B; (3) alignment of the public disclosure of unaudited financial information with the periodicity permitted by routine financial filings in Commission regulation 23.105(d),²⁴⁴ and to remove reference to a statement disclosing the amounts of minimum regulatory capital; (4) amending Form 1-FR-FCM to add the 2 percent of uncleared swap margin capital requirement and swaps and security-based swaps haircuts; and (5) addition of clarifying language to Commission regulations 23.103(a)(1) and (c)(1)²⁴⁵ to provide additional clarity to registrants that the same standardized market and credit risk charges are applicable to nonbank SDs utilizing the Tangible Net Worth Capital Approach as are applicable to all other nonbank SDs if not approved to use models. These amendments are meant to clarify what was originally intended in the Final Rule or what is already included within the existing Commission regulations, as well as align the schedules as currently required by the SEC and the NFA. The Commission anticipates that these amendments will remove uncertainty amongst SDs about the type of form and the extent of detail that they should be reporting.

2. *Costs*

²⁴³ 17 CFR 23.105(k) and (l).

²⁴⁴ 17 CFR 23.105(d).

²⁴⁵ 17 CFR 23.103(a)(1) and (c)(1).

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

The Commission generally does not anticipate any costs associated with the above amendments as they are intended to streamline and clarify existing financial reporting and capital requirements. Of the above, only the amendments to Commission regulation 23.105(l)²⁴⁶ would impose additional financial reporting requirements on nonbank SDs and nonbank MSPs not approved to use models to file Schedules 2-4 of Appendix B.

Currently, there are 8 nonbank SDs not approved to use models that are not currently filing Schedules 2-4 of Appendix B, but that would be required to do so under the amendments to Commission regulation 23.105(l).²⁴⁷ The information required under Appendix B is nearly identical in all material respects to corresponding forms found in the SEC Form FOCUS Report Part II, as well as the capital and financial reporting requirements by the NFA for its member nonbank SDs and nonbank MSPs. Thus, the Commission has determined that these nonbank SDs already have developed policies, procedures, and systems to aggregate, monitor, and track their swap activities and risks as is required under Schedules 2-4 of Appendix B, which should mitigate some of the burdens of the additional reporting and recordkeeping requirements. Finally, the amendments to Commission regulation 23.105(k)²⁴⁸ clarify that nonbank SDs and nonbank MSPs approved to use models may comply with the requirements to provide specific financial information required by Commission regulation 23.105(k)²⁴⁹ by filing Appendix B. Such nonbank SDs and nonbank MSPs have already been filing Appendix B with the Commission, and thus the Commission has determined that the amendments to Commission

²⁴⁶ 17 CFR 23.105(l).

²⁴⁷ *Id.*

²⁴⁸ 17 CFR 23.105(k).

²⁴⁹ *Id.*

regulation 23.105(k)²⁵⁰ would not impose any additional burden for such nonbank SDs and nonbank MSPs.

3. *Section 15(a) Factors*

The following is a discussion of the cost and benefit considerations of this rulemaking, as it relates to the five broad areas of market and public concern identified in section 15(a) of the CEA: (1) protection of market participants and the public; (2) efficiency, competitiveness, and financial integrity of swaps markets; (3) price discovery; (4) sound risk management practices; and (5) other public interest considerations.

a. Protection of Market Participants and the Public

The rules adopted herein are intended to enhance the clarity of financial reporting and computation requirements by revising the language of the regulations with respect to the type of forms and the tests that SDs should be using as part of their financial reporting process. The changes to the computation of tangible net worth are anticipated to benefit the public by allowing investors to monitor tangible net worth at the consolidated parent's level, and the financial reporting requirements for both bank SDs and nonbank SDs set out in this rulemaking should help the Commission and market participants monitor and assess the financial condition of such SDs more accurately and as was intended in the Final Rule. These amendments are also intended to harmonize financial reporting requirements with those of the prudential regulators, and the SEC, through which market participants and the Commission can gain a clearer and more directly comparable understanding of the financial reports received. Clarifying rules should

²⁵⁰ *Id.*

safeguard both market participants and the public by improving transparency and reducing ambiguity.

b. Efficiency, Competitiveness, and Financial Integrity of Swaps Markets

In this rulemaking, the Commission seeks to promote efficiency and financial integrity of the swaps market by streamlining many of the financial reporting requirements. For example, the amendments to Commission regulation 23.105(p)²⁵¹ permit certain bank SDs to file with the Commission comparable Call Report schedules in accordance with, and within the timeframe permitted by, the prudential regulators that they currently file with the prudential regulators, or comparable SEC-approved financial reports and schedules, as applicable. The amendments to Commission regulation 23.105(p)²⁵² would also allow certain Non-U.S. bank SDs to file with the Commission what they currently file with their respective home country regulators, subject to certain conditions. In addition, the amendments to Commission regulation 23.105(k)²⁵³ are meant to ensure that the information listed in Appendix B is completed by all nonbank SDs and nonbank MSPs as was intended, and is consistent with that required by the SEC and NFA, and the amendments to Form 1-FR-FCM are meant to harmonize with the SEC's requirements in its FOCUS Report Part II. Harmonizing requirements should foster a more level playing field, ultimately promoting trust and integrity within the market.

The Commission anticipates that these amendments will promote greater operational efficiencies for both bank and nonbank SDs that are already regulated, either prudentially or through comparable foreign regulators, as they may be able to avoid creating duplicative

²⁵¹ 17 CFR 23.105(p).

²⁵² *Id.*

²⁵³ 17 CFR 23.105(k).

compliance and operational infrastructures. The amendments should allow the Commission to monitor the financial integrity of swaps markets more clearly and efficiently, including in the case of any default or financial contagion.

Lastly, the Commission is amending the definition of “predominantly engaged in non-financial activities” as used in the Tangible Net Worth Capital Approach by permitting entities to determine whether they are predominantly engaged in non-financial activities at either the parent or subsidiary level to be consistent with the Commission’s intention in the Final Rule.²⁵⁴ As discussed above, this amendment properly calibrates the wording of the definition in establishing eligibility for the Tangible Net Worth Capital Approach by assessing non-financial activities at a consolidated parent level. In doing so, it clarifies the Commission’s intention to permit more entities that are predominately engaged in non-financial activities to be eligible for the Tangible Net Worth Capital Approach, thereby creating greater market efficiency.

c. Price Discovery

The Commission anticipates that the amendments adopted herein may enhance price discovery. By clarifying financial reporting and computation requirements and harmonizing reporting practices, a more efficient operating environment would be created for SDs, which are important intermediaries within the swaps markets. This improved data quality reported to regulators has the potential to enhance supervision, leading to improved market quality. Consequently, this could lead to a more effective and accurate price discovery process.

d. Sound Risk Management Practices

²⁵⁴ Final Rules, 85 FR at 57502.

The Commission has determined that, as a result of the adopted reporting and recordkeeping requirements, SDs may more effectively track their trading and risk exposure in swaps and other financial activities. To the extent that these SDs can better monitor and track their risks, the Commission anticipates that this should help them better manage risk within the entity.

e. Other Public Interest Considerations

The Commission has not identified any additional public interest considerations related to the costs and benefits of the rule.

C. Other Amendments

The Commission is adopting a number of clarifying amendments intended to align with existing Commission regulations, including: (1) amending Commission regulation 23.105(c)(4)²⁵⁵ to add a two business days reporting timeframe to the requirement for nonbank SD notice filing of a substantial reduction in capital; (2) amending Commission regulations 23.101(a)(1)(i)(B) and 23.101(a)(1)(ii)(C)²⁵⁶ to establish that the use of subordinated debt as regulatory capital is subject to the approval of either an RFA of which the nonbank SD is a member, or the Commission; and (3) amending Commission regulation 23.105(e)(4)(v)²⁵⁷ for SDs and MSPs to include an explicit statement, if applicable, that there are no material differences between the audited annual report and the unaudited annual report of the same date.

1. Benefits

²⁵⁵ 17 CFR 23.105(c)(4).

²⁵⁶ 17 CFR 23.101(a)(1)(i)(B) and (a)(1)(ii)(C).

²⁵⁷ 17 CFR 23.105(e)(4)(v).

The amendments to the notice requirements in Commission regulation 23.105(c)(4)²⁵⁸ would add a two-business days requirement for nonbank SDs filing a notice of substantial reduction in capital. The Commission has determined that adding a reporting timeframe to the notice requirement will enhance compliance by providing regulatory certainty to nonbank SDs of when such a filing is due.

The amendments to Commission regulation 23.101(a)(1)(i)(B)²⁵⁹ would establish that the use of subordinated debt as regulatory capital is subject to the approval of either an RFA of which the nonbank SD is a member, or the Commission. The amendments should further provide regulatory clarity by establishing the process for approving subordinated debt for nonbank SDs, which was not explicitly articulated in the Final Rule and had led to uncertainty among nonbank SDs.

Lastly, the amendments to Commission regulation 23.105(e)(4)(v)²⁶⁰ would require that the SDs and MSPs include an explicit statement, if applicable, of no material differences between the audited and the unaudited annual report of the same date. Doing so should not only align the filing approach for auditors of SDs with that of FCMs, but also enhance the reliability of such annual reports by encouraging auditors to more rigorously assess the materiality of reporting any discovered audit findings.

2. *Costs*

The Commission does not anticipate that compliance with the above amendments will lead to any significant costs. The amendments to Commission regulations 23.105(c)(4) and 23.105(e)(4)(v)²⁶¹ are meant to align the financial reporting requirements of SDs with that of

²⁵⁸ 17 CFR 23.105(c)(4).

²⁵⁹ 17 CFR 23.101(a)(1)(i)(B).

²⁶⁰ 17 CFR 23.105(e)(4)(v).

²⁶¹ 17 CFR 23.105(c)(4) and (e)(4)(v).

FCMs. Based on the Commission’s experience with existing filings and discussions with registered SDs, the Commission has determined that the registrants will be able to file necessary information within the timeframe provided. The amendments to Commission regulation 23.101(a)(1)(i)(B)²⁶² are meant to establish a process of approving subordinated debt for nonbank SDs, and as such they would not levy any additional costs to the nonbank SDs.

3. Section 15(a) Factors

The following is a discussion of the cost and benefit considerations of the rulemaking as it relates to the aforementioned five broad areas of market and public concern identified in section 15(a) of the CEA.

a. Protection of Market Participants and the Public

The Commission anticipates that the amendment to Commission regulation 23.105(c)(4)²⁶³ adopted herein should protect market participants and the public against possible market disruption by requiring that all SDs file a notice of a substantial reduction in capital within two business days after such an incident has occurred. Similarly, the amendments to Commission regulation 23.101(a)(1)(i)(B)²⁶⁴ should provide market clarity on how subordinated debt is approved for consideration as capital, and the amendments to Commission regulation 23.105(e)(4)(v)²⁶⁵ should allow the Commission and the public to effectively monitor cases where there are no material differences between the audited and unaudited annual report of the same date filed by nonbank SDs and nonbank MSPs. These amendments should enable market

²⁶² 17 CFR 23.101(a)(1)(i)(B).

²⁶³ 17 CFR 23.105(c)(4).

²⁶⁴ 17 CFR 23.101(a)(1)(i)(B).

²⁶⁵ 17 CFR 23.105(e)(4)(v).

participants to have better insights into SD's capital and financial positions. This, in turn, should enhance the protection of both market participants and the public.

b. Efficiency, Competitiveness, and Financial Integrity of Swaps Markets

The amendments adopted herein should improve the accuracy and completeness of nonbank SDs' and nonbank MSPs' financial reporting by imposing a two-business day deadline for notice of substantial reduction in capital, and an affirmative statement of no material differences between the audited and unaudited annual financial statement, as applicable. The establishment of a process for approving subordinated debt should lead to increased efficiency in how such subordinated debt is monitored. Further, these amendments are also intended to harmonize financial reporting requirements with those of the prudential regulators, as well as the Commission's existing framework regarding FCMs. Harmonizing requirements should foster a more level playing field, ultimately promoting trust and integrity within the market.

c. Price Discovery

The Commission anticipates that the amendments adopted herein will enhance price discovery. By improving financial reporting requirements for nonbank SDs and nonbank MSPs, a more efficient operating environment should be created for SDs, which are important intermediaries within the swaps markets. This improved data quality reported to regulators has the potential to enhance supervision, leading to improved market quality. Consequently, this could lead to a more effective and accurate price discovery process.

d. Sound Risk Management Practices

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

The Commission anticipates that the above amendments will lead to better risk management practices among SDs and MSPs, particularly by requiring them to monitor for potential reduction in capital and material differences between the audited and the unaudited annual financial statements.

e. Other Public Interest Considerations

The Commission has not identified any additional public interest considerations related to the costs and benefits of the rule.

For the reasons stated in the preamble, the Commodity Futures Trading Commission amends 17 CFR part 23 as follows:

PART 23 – SWAP DEALERS AND MAJOR SWAP PARTICIPANTS

- 1. The authority citation for part 23 continues to read as follows:

Authority: 7 U.S.C. 1a, 2, 6, 6a, 6b, 6b-1, 6c, 6p, 6r, 6s, 6t, 9, 9a, 12, 12a, 13b, 13c, 16a, 18, 19, 21.

- 2. Amend § 23.100 by adding a new definition “Call Report” and by revising the definitions of “Predominantly engaged in non-financial activities” and “Tangible net worth” to read as follows:

§ 23.100 Definitions applicable to capital requirements.

* * * * *

Call Report. This term means the Federal Financial Institutions Examination Council Form 031 that a swap dealer or major swap participant for which there is a prudential regulator is required to file with its applicable prudential regulator.

* * * * *

Predominantly engaged in non-financial activities. A swap dealer is predominantly engaged in non-financial activities if: (1) the swap dealer’s consolidated annual gross financial revenues, or if the swap dealer is a wholly owned subsidiary, then the swap dealer’s consolidated parent’s annual gross financial revenues, in either of its two most recently completed fiscal years represents less than 15 percent of the swap dealer’s or the swap dealer’s consolidated parent’s consolidated gross revenue in that fiscal year (“15% revenue test”), and (2) the consolidated total financial assets of the swap dealer, or if the swap dealer is wholly owned subsidiary, then the consolidated total financial assets of the swap dealer’s parent, at the end of its two most recently completed fiscal years represents less than 15 percent of the swap dealer’s or the swap dealer’s consolidated parent’s consolidated total assets as of the end of the fiscal year (“15% asset test”). For purpose of computing the 15% revenue test or the 15% asset test, a swap dealer’s activities or swap dealer’s parent’s activities shall be deemed financial activities if such activities are defined as financial activities under 12 CFR 242.3 and Appendix A to 12 CFR 242, including lending, investing for others, safeguarding money or securities for others, providing financial or investment advisory services, underwriting or making markets in securities, providing securities brokerage services, and engaging as principal in investing and trading activities; *provided, however,* a swap dealer or a swap dealer’s consolidated parent may exclude from its financial activities accounts receivable resulting from non-financial activities.

* * * * *

Tangible net worth. This term means the net worth of a swap dealer or major swap participant as determined in accordance with U.S. generally accepted accounting principles, or International Financial Reporting Standards issued by the International Accounting Standards

Board if the swap dealer or major swap participant is permitted under § 23.105(b) of this part to prepare and maintain books and records in accordance with such standards, but in either case, excluding goodwill and other intangible assets. In determining net worth, all long and short positions in swaps, security-based swaps and related positions must be marked to their market value. A swap dealer or major swap participant must include in its computation of tangible net worth all liabilities or obligations of a subsidiary or affiliate that the swap dealer or major swap participant guarantees, endorses, or assumes either directly or indirectly.

* * * * *

- 3. Amend § 23.101 by revising paragraphs (a)(1)(i)(B), (a)(1)(ii)(B), and (a)(1)(ii)(C), and adding paragraph (a)(1)(ii)(D) to read as follows:

§ 23.101 Minimum financial requirements for swap dealers and major swap participants.

(a) (1) * * *

(i) * * *

(B) An aggregate of common equity tier 1 capital, additional tier 1 capital, and tier 2 capital, all as defined under the bank holding company regulations in 12 CFR 217.20, equal to or greater than eight percent of the swap dealer’s BHC equivalent risk-weighted assets; *provided*, *however*, that the swap dealer must maintain a minimum of common equity tier 1 capital equal to six point five percent of its BHC equivalent risk-weighted assets; *provided further*, that any capital that is subordinated debt under 12 CFR 217.20 and that is included in the swap dealer’s capital for purposes of this paragraph (a)(1)(i)(B) must qualify as subordinated debt under § 240.18a-1d of this title in accordance with a qualification determination of the Commission or a registered futures association of which the swap dealer is a member;

* * * * *

(ii) * * *

(B) A swap dealer that uses internal models to compute market risk for its proprietary positions under § 240.18a-1(d) of this title must calculate the total market risk as the sum of the VaR measure, stressed VaR measure, specific risk measure, comprehensive risk measure, and incremental risk measure of the portfolio of proprietary positions in accordance with § 23.102 of this part and Appendix A to Subpart E of Part 23;

(C) A swap dealer may recognize as a current asset, receivables from third-party custodians that maintain the swap dealer's initial margin deposits associated with uncleared swap and security-based swap transactions pursuant to the margin rules of the Commission, the Securities and Exchange Commission, a prudential regulator, as defined in section 1a(39) of the Act, or a foreign jurisdiction that has received a margin Comparability Determination under § 23.160 of this part; and

(D) The qualification of any subordinated debt used to meet any capital requirements shall be as determined by the Commission or a registered futures association of which the swap dealer is a member.

* * * * *

■ 4. Amend § 23.102 by revising paragraph (d) to read as follows:

§ 23.102 Calculation of market risk exposure requirement and credit risk requirement using internal models.

* * * * *

(d) The Commission, or registered futures association upon obtaining the Commission's determination that its requirements and model approval process are comparable to the Commission's requirements and process, may approve or deny the application, or approve or

deny an amendment to the application, in whole or in part, subject to any conditions or limitations the Commission or registered futures association may require, if the Commission or registered futures association finds the approval to be appropriate in the public interest, after determining, among other things, whether the applicant has met the requirements of this section.

A swap dealer that has received Commission or registered futures association approval to compute market risk exposure requirements and credit risk exposure requirements pursuant to internal models must compute such charges in accordance with paragraph (c) of this section.

* * * * *

- 5. Amend § 23.103 by revising paragraphs (a)(1) and (c)(1) to read as follows:

§ 23.103 Calculation of market risk exposure requirement and credit risk requirement when models are not approved.

(a) * * *

(1) Computes its regulatory capital requirements under § 23.101(a)(1)(ii) or § 23.101(a)(2) of this part, and

* * * * *

(c) *Credit risk charges.*

(1) A swap dealer that computes regulatory capital under § 23.101(a)(1)(ii) or § 23.101(a)(2) shall compute counterparty credit risk charges using the applicable standardized credit risk charges set forth in § 240.18a-1 of this title and § 1.17 of this chapter for such positions.

* * * * *

- 6. Amend § 23.105 by revising paragraphs (c)(2), (c)(4), (d)(2), (e)(4)(v), (e)(6), (i)(1), (i)(2)(ii), (k), (l), (p)(2), and (p)(7) to read as follows:

§23.105 Financial recordkeeping, reporting and notification requirements for swap dealers and major swap participants.

* * * * *

(c) * * *

(2) A swap dealer or major swap participant who knows or should have known that its regulatory capital at any time is less than 120 percent of its minimum regulatory capital requirement as determined under § 23.101 of this part, or less than the amounts identified in § 1.12(b) of this chapter for a swap dealer or major swap participant that is also a futures commission merchant, must provide written notice to the Commission and to the registered futures association of which it is a member to that effect within 24 hours of such event.

* * * * *

(4) A swap dealer or major swap participant must provide written notice within two business days to the Commission and to the registered futures association of which it is a member of a substantial reduction in capital as compared to that last reported in a financial report filed with the Commission pursuant to this section. The notice shall be provided if the swap dealer or major swap participant experiences a 30 percent or more decrease in the amount of capital that the swap dealer or major swap participant holds in excess of its regulatory capital requirement as computed under § 23.101 of this part.

* * * * *

(d) * * *

(2) The financial reports required by this section must be prepared in the English language and be denominated in United States dollars. The financial reports shall include a statement of financial condition, a statement of income/loss, a statement of changes in liabilities

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

subordinated to the claims of general creditors, a statement of changes in ownership equity, a statement demonstrating compliance with and calculation of the applicable regulatory capital requirement under § 23.101, and such further material information as may be necessary to make the required statements not misleading. The monthly or quarterly report and schedules must be prepared in accordance with generally accepted accounting principles as established in the United States; *provided, however*, that a swap dealer or major swap participant that is not otherwise required to prepare financial statements in accordance with U.S. generally accepted accounting principles, may prepare the monthly or quarterly report and schedules required by this section in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board.

(3) A swap dealer or major swap participant that is also registered with the Securities and Exchange Commission as a broker or dealer, security-based swap dealer, or a major security-based swap participant and files a monthly Form X-17A-5 FOCUS Report Part II with the Securities and Exchange Commission pursuant to 17 CFR 240.18a-7 or 17 CFR 240.17a-5, as applicable, must file such Form X-17A-5 FOCUS Report Part II with the Commission and with the registered futures association in lieu of the financial reports required under paragraphs (d)(1) and (2) of the section. The swap dealer or major swap participant must file the form with the Commission and registered futures association when it files the Form X-17A-5 FOCUS Report Part II with the Securities and Exchange Commission; *provided, however*, that the swap dealer or major swap participant must file the Form X-17A-5 FOCUS Report Part II with the Commission and registered futures association no later than 17 business days after the end of each month.

(4) A swap dealer or major swap participant that is also registered with the Commission as a futures commission merchant must file a Form 1-FR-FCM or such other form as the futures

Voting Copy – As approved by the Commission on 4/26/2024

(subject to pre-publication technical corrections)

commission merchant is permitted to file under § 1.10 of this chapter, in lieu of the monthly financial reports required under paragraphs (d)(1) and (2) of the section.

(e) * * *

(4) * * *

(v) A reconciliation of any material differences from the unaudited financial report prepared as of the swap dealer's or major swap participant's year-end date under paragraph (d) of this section and the swap dealer's or major swap participant's annual financial report prepared under this paragraph (e) or, if no material differences exist, a statement so indicating; and

* * * * *

(6) A swap dealer or major swap participant that is also registered with the Commission as a futures commission merchant must file an audited Form 1-FR-FCM or such other form as the futures commission merchant is permitted to file under § 1.10 of this chapter, and must comply with the requirements of § 1.16 of this chapter, including filing a supplemental accountant's report on material inadequacies concurrently with the audited annual report, in lieu of the annual financial report required under this paragraph (e).

* * * * *

(i) * * *

(1) * * *

(i) The statement of financial condition including applicable footnotes; and

(ii) The amounts of the swap dealer's or major swap participant's regulatory capital and minimum regulatory capital requirement, computed in accordance with § 23.101.

* * * * *

(2) * * *

Voting Copy – As approved by the Commission on 4/26/2024

(subject to pre-publication technical corrections)

(i) * * *

(ii) The amounts of the swap dealer's or major swap participant's regulatory capital as of the fiscal year-end and its minimum regulatory capital requirement, computed in accordance with § 23.101.

* * * * *

(k) *Additional reporting requirements for swap dealers approved to use models to calculate market risk and credit risk for computing capital requirements.* (1) A swap dealer that has received approval or filed an application for provisional approval under § 23.102(d) from the Commission, or from a registered futures association of which the swap dealer is a member, to use internal models to compute its market risk exposure requirement and credit risk exposure requirement in computing its regulatory capital under § 23.101 must file with the Commission and with the registered futures association of which the swap dealer is a member the specific information contained in Appendix B to Subpart E of this part and the following information within 17 business days of the end of each month or quarter as applicable:

* * * * *

(l) *Additional position and counterparty reporting requirements for swap dealers and major swap participants not approved to use models.* A swap dealer or major swap participant which is not subject to paragraph (k) of this section must provide the Commission and the registered futures association of which the swap dealer or major swap participant is a member, the additional specific information contained in Appendix B to Subpart E of this part on a monthly or quarterly basis as applicable to its required frequency of financial reporting under paragraph (d) of this section.

* * * * *

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

(p) * * *

(2) *Financial report and position information.*

(i) A swap dealer or major swap participant that files a Call Report with its applicable prudential regulator shall file Schedule RC – Balance Sheet and Schedule RC – R Regulatory Capital from its Call Report filed with the prudential regulator, and Schedule 1 of Appendix C to Subpart E of this part, with the Commission on a quarterly basis. The swap dealer or major swap participant shall file the schedules with the Commission on the date the Call Report is due to be filed with the swap dealer’s or major swap participant’s prudential regulator.

(ii) A swap dealer or major swap participant domiciled in a non-U.S. jurisdiction that is not required to file a Call Report by its applicable prudential regulator shall file a statement of financial condition and regulatory capital information containing comparable financial information as required by Schedule RC – Balance Sheet and Schedule RC – R Regulatory Capital of the Call Report, and shall file Schedule 1 of Appendix C to Subpart E of this part, with the Commission on a quarterly basis. The statement of financial condition, regulatory capital information, and Schedule 1 of Appendix C shall be prepared and presented in accordance with the accounting standards permitted by the swap dealer’s or major swap participant’s home country regulatory authorities; *provided, however*, that the schedules and information must be in the English language with balances converted to U.S. dollars. The swap dealer or major swap participant shall file the statement of financial condition, regulatory capital information, and Schedule 1 of Appendix C with the Commission no later than 90 calendar days after the end of the swap dealer’s or major swap participant’s fiscal quarter.

* * * * *

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

(7) A swap dealer or major swap participant that is subject to the capital requirements of a prudential regulator and is also registered with the Securities and Exchange Commission as a security-based swap dealer or a major security-based swap participant and files a quarterly Form X-17A-5 FOCUS Report Part IIC with the Securities and Exchange Commission pursuant to 17 CFR 240.18a-7, must file such Form X-17A-5 FOCUS Report Part IIC with the Commission in lieu of the financial reports required under paragraphs (p)(2) of this section. The swap dealer or major swap participant must file the form with the Commission when it files the Form X-17A-5 FOCUS Report Part IIC with the Securities and Exchange Commission; *provided, however*, that the swap dealer or major swap participant must file the Form X-17A-5 FOCUS Report Part IIC with the Commission no later than 35 calendar days from the date the report is made.

- 7. Amend Appendix B to Subpart E of Part 23 by revising the headings of Schedules 1, 2, 3, and 4 to read as follows:

NOTE: The information required to be reported within this form is intended to be identical to that required to be reported by Security Based Swap Dealers and Major Security Based Swap Participants under SEC FORM X-17A-5 FOCUS Report Part IIC. Please refer to FOCUS REPORT PART IIC INSTRUCTIONS and related interpretations published by the SEC in the preparation of this form.

- 9. Amend Form 1-FR-FCM by revising the Statement of the Computation of the Minimum Capital Requirements section to read as follows:

Note: The text of Form 1-FR-FCM does not and this amendment will not appear in the Code of Federal Regulations.

Form 1-FR-FCM—Statement of the Computation of the Minimum Capital Requirements

Voting Copy – As approved by the Commission on 4/26/2024
(subject to pre-publication technical corrections)

12. Charges as specified in section 240.15c3-1(c)(2)(vi) and (vii) against securities owned by firm, including securities representing investments of domestic and foreign customers' funds:

	<u>Market Value</u>	<u>Charge</u>
A. U.S. and Canadian government obligations	3160	3170
B. State and Municipal government obligations	3180	3190
C. Certificates of deposit, commercial paper and bankers' acceptances	3200	3210
D. Corporate obligations	3220	3230
E. Stocks and warrants	3240	3250
F. Other securities	3260	3270
G. Total charges (add lines 12.A. - 12.F.)		3280

13. Charges as specified in section 240.15c3-1(c)(2)(iv)(F)

A. Against securities purchased under agreements to resell	3290
B. Against securities sold under agreements to repurchase	3300

14. Charges on securities options as specified in section 240.15c3-1, Appendix A

3310

15. Undermargined commodity futures and commodity options accounts - amount in each account required to meet maintenance margin requirements, less the amount of current margin calls in that account and the amount of any noncurrent deficit in the account

A. Customer accounts	3320
B. Noncustomer accounts	3330
C. Omnibus accounts	3340

16. Charges against open commodity and cleared OTC derivatives positions in proprietary accounts and swaps

A. Uncovered exchange-traded futures, cleared OTC derivatives positions and granted options contracts		
i. percentage of margin requirements applicable to such contracts	3350	
ii. Less: equity in proprietary accounts included in liabilities	3360	3370
B. Ten percent (10%) of the market value of commodities which underlie commodity options not traded on a contract market carried long by the applicant or registrant which has value and such value increased adjusted net capital (this charge is limited to the value attributed to such options)		3380
C. Commodity options which are traded on contract markets and carried long in proprietary accounts. Charge is the same as would be applied if the applicant or registrant was the grantor of the options (this charge is limited to the value attributed to such options)		3390
D. Haircuts on swaps and security-based swaps pursuant to 1.17(c)(5)(iii), (iv), (xv), and (xvi) (itemize to the subparagraph level on separate page)		XXXX

17. Five percent (5%) of all unsecured receivables from foreign brokers

3410

18. Deficiency in collateral for secured demand notes

3420

19. Adjustment to eliminate benefits of consolidation (explain on separate page)

3430

20. Total charges (add lines 7 through 19)

3440

Adjusted Net Capital Computation

21. Adjusted net capital (subtract line 20 from line 6)

3500

22. Adjusted Net capital required

A. Risk Based Capital Requirement		
i. Amount of Customer Risk Maintenance Margin	3515	
ii. Enter 8% of line 22.A.i		3525
iii. Amount of Non-Customer Risk Maintenance Margin	3535	
		3545

Voting Copy – As approved by the Commission on 4/26/2024

(subject to pre-publication technical corrections)

iv	Enter 8% of line 22.A.iii	_____	
v	Enter the sum of 22.A.ii and 22.A.iv	_____	3555
vi	Total Uncleared Swap Margin, as applicable	_____	XXXX
vii	Enter 2% of line 22.A.vi	_____	XXXX
viii	Enter the sum of 22.A.v and 22.A.vii	_____	XXXX
B.	Minimum Dollar Amount Requirement	_____	3565
C.	Other NFA Requirement	_____	3575
D.	Adjusted Net Capital Requirement Enter the greater of lines 22.A.viii, 22.B. or 22.C	_____	3600
23.	Excess adjusted net capital (line 21 less line 22.D.)	_____	3610

Computation of Early Warning Level

24. If the Minimum Adjusted Net Capital Requirement computed on line 22.D (Box 3600) is: _____ 3620
- The Risk Based Requirement, enter 110% of line 22.A.viii. (XXXX), or
 - The Minimum Dollar Requirement of \$1,000,000, for FCMs, or \$20,000,000 for FCMs registered as SDs, enter 150% of line 22.B. (3565), or
 - The Minimum Dollar Requirement of \$20,000,000 for FCMs offering or engaging in retail forex transactions or Retail Foreign Exchange Dealers (“RFED”), enter 110% of line 22.B. (3565), or
 - Other NFA Requirement of \$20,000,000 plus five percent of the FCM’s offering or engaging in retail forex transactions or RFED’s total retail forex obligations in excess of \$10,000,000, enter 110% of line 22.C. (3575), or
 - Any other NFA Requirement, enter 150% of line 22.C. (3575)

This is your early warning capital level. If this amount is greater than the amount on line 21, you must immediately notify your DSRO and the Commission pursuant to section 1.12 of the regulations.

Guaranteed Introducing Brokers

25. List all IBs with which guarantee agreements have been entered into by the FCM and which are currently in effect. See Attached. _____ 3650
